Inspect equipment. Do not use if damaged

Equipment

1

2

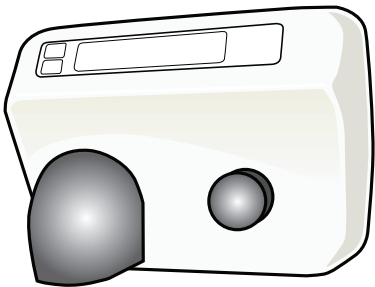

3

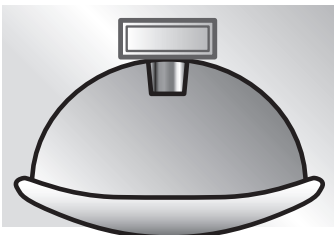

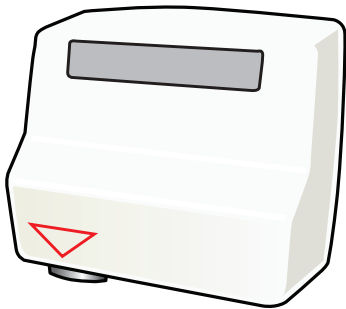

- 1 KAY Heavy-Duty Degreaser
- 2 Blue Border Cloth
- 3 Kitchen Roll

Manual Hand Dryer

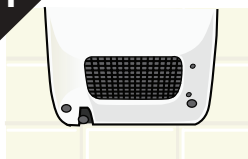

Automatic Hand Dryer

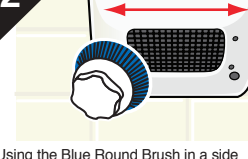

Manual Hand Dryer

1

Locate the fin guard on the underside of Hand Dryer.

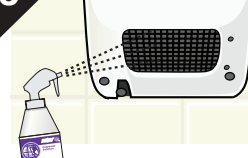

2

Using the Blue Round Brush in a side ways motion, remove any debris caught between the fin guards. **NB:** Brush debris outwards, not into the fin guards.

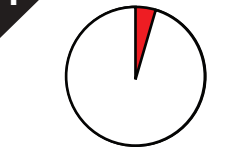

If further cleaning is required, due to heavy build-up follow **steps 3-6**.

3

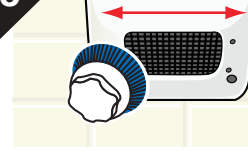

Apply heavy duty degreaser by spraying onto the fin guards.

4

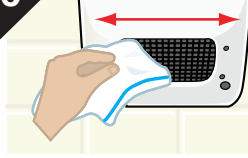

Leave for 5 minutes, allowing degreaser solution to work.

5

Brush the fins with a Blue Round Brush until debris has been removed.

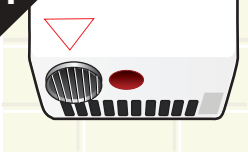

6

Wipe over guard fins and surrounding area with a Blue Border Cloth to remove any excess moisture.

Automatic Hand Dryer

1

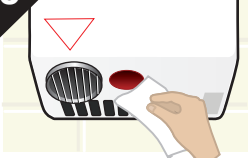

Locate the sensor on the underside of the Hand Dryer.

2

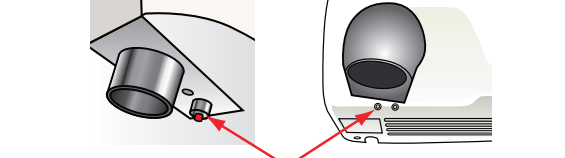

Using a damp Blue Border Cloth, wipe the sensor until clean.

3

Dry using Kitchen Roll.

For all other Automatic Hand Dryer Models

Locate the sensor(s) on the underside of the Hand Dryer and repeat **steps 2-3**. **NB** Ensure all dust/debris has been removed from in and around the sensor using the Blue Border Cloth.
