Equipment

1

2

1. Probe Wipes
2. Screwdriver

General:

Unless instructed to do so by iTSC, do not remove any cables or connectors

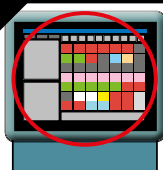

Visually check each till on front counter and in Drive-Thru / Walk-Up / Walk-Thru

1

All tills are working and Green power lights are on. Check power switch on till and mains power socket are both switched on. Call iTSC if unit is damaged or does not power on.

2

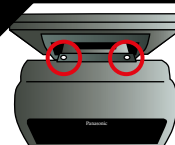

Check that the screen is clean and undamaged. Clean screen with Probe wipe if required and call iTSC if screen is damaged.

3

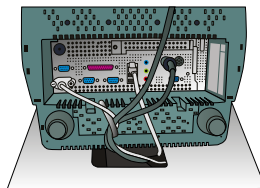

Check that the side vents on all POS are clean and clear of any obstructions. Clean vent with probe wipe and remove any obstructions by hand.

4

Check that the screen does not flicker when being used and retaining screws are tight. Tighten screws using driver FAISDPZ1 available from www.odemastore.co.uk

5

Check cables are secure and undamaged. Replace faulty cables:
ISP010 - Till to socket cable (Grey)
CB012 - Till to socket cable (Purple)
CB010 - Till to Receipt printer cable (Black)
CB020 - Till to Cash Drawer cable
CC002 - Till to Card Reader (Long)
CC013 - Till to Card Reader (Short)

6

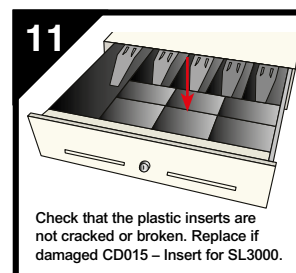

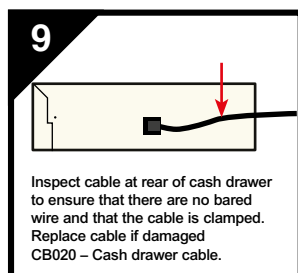

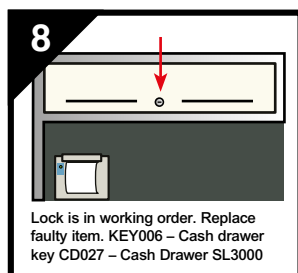

Tills are on a stable surface and secure. Re-arrange cables.

7

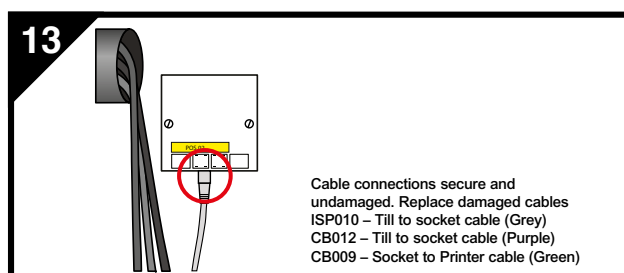

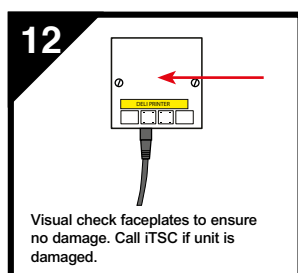

POS Swipe Cards available. Reorder cards. POS010 – Supervisor card (pack of 10 960 – 969)

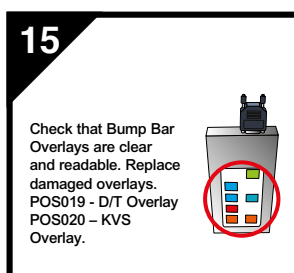

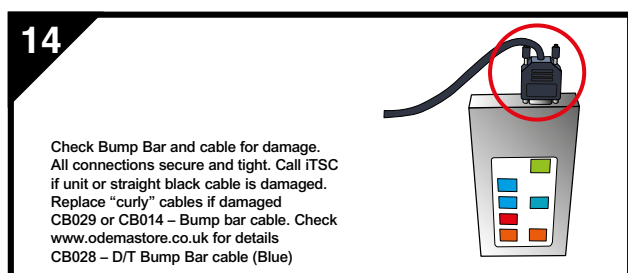

Check each cash drawer on front counter and in Drive-Thru / Walk-Up / Walk-Thru

Check each till socket under front counter and in Drive-Thru / Walk-Up / Walk-Thru

Check each Bump Bar on BOP Line, Drive-Thru / Walk-Up / Walk-Thru

Check each BOP Drive-Thru / Walk-Up / Walk-Thru monitor
